25X1 1. [] reported that DD/S reported that General Cabell wants
a statement from us which would in effect be a blueprint for relationship
between OTR and the Office of Personnel regarding the conduct of the JOT
Program, particularly in line of the assimilation of JCD and particularly
as concerning the Personnel aspects such as recruitment and placement.
25X1 This is due 3 April. [] have conferred with me about it
at various times.
